Primary Lightest In Years

Less Than 200 at Falls; Winseta Drive Falls to Second in All-Time Record

By FAT PETRO

The expected write-up campaign for a three-month-old did not materialize Tuesday and voting here was the lightest in years with less than 300 voters turning in to register their choice. Kenneth S. Jnns, Jr., county pollster, said he received 14,110 votes. 

Major Charles D. Ryhn, Republican candidate for the Democratic's 11th District seat, received 4,337 votes. His opponent, Democrat Nicholas S. Petrie, received 4,064 votes.

Bob Will Wright

With the political front being used by the winseta drive voters, the vote in the county was 72 per cent for the Democratic candidates, with the Republicans trailing by 70 per cent. The vote in the city was 67 per cent for the Democratic candidates, with the Republicans trailing by 63 per cent.

Both Poll Units Are Important to the Republican and the Democratic candidates for the state and are important to the county for the state at-large.

Dolls from All Nations Convene
At Museum of Art Exhibiion
BY DAVIS WELD WARE

If 500 dolls could talk what secrets they would tell us from all over the world, what would they tell us about?
That's what children today are wondering when they visit the Cleveland Museum of Art and see the dolls and toy diorama, a new exhibit that is on display. The dioramas, called "The Story of Childhood," are composed of dolls from around the world, and they are designed to help children understand the different cultures in which they live.

While the dolls are never shown in action, they are arranged in scenes that are representative of various cultures. The scenes include a Chinese tea ceremony, a Spanish bullfight, and a Japanese tea ceremony, among others.

In addition to the dolls, there are also toys and games from around the world, such as a Chinese puzzle and a Japanese game. The exhibit also includes a small museum of dolls, with dolls from different countries and time periods.

The exhibit is open daily from 9 a.m. to 5 p.m., and admission is free. Visitors are encouraged to take the time to explore the dioramas and learn about the different cultures represented.
Robber is Held On High Bond
A recent charge, Fred Brown, 22, of 918 Center ave., Cleveland, was found over to the grand jury this week under bond totaling $1,000, for the robbery and assault of a young couple who were parked in ishler Heights near Corner 6th and 6th Place, last week.

Detective James Spear and Harvey Kincaid working with police in Cleveland and Cleveland detectives surrounded the pook a few days after the crime. He was one of a trio engaged in a series of similar robberies in Cleveland. Two of the trio were arrested a man in Wadsworth Park a day after the Ishler Heights crimes.

Maypole William J. Van Alen found bond at $1,000 for each of two charges, robbery and rape, when Harris waived preliminary examination in Ishler Heights court. Harris admitted both charges, police said. He joined two other men on the robbery bond, he told police, without knowing what they planned.

Fred Harris of Cleveland, M. had the car and E. F. and to the kids during the Ishler Heights robbery. His companion, a Cleveland Heights girl, was driven from the car and raped while a second robber held Harris at the point of a gun. The girl's pocketbook was robbed of $13.50.

TRY THE FINEST
Cultivate Soil After a Rain
To Break Up Surface Crust

THE TWIN CITY GARDEN-GRAPH
In凱特(Fertilizer or vegetable man-ure), the soil should be culi- tivated after a rain. Cultivation is required not only to keep the surface free from weeds, but also to break up the surface crust. The soil is never to permit of the benefit of the root of the plants. Wherever the soil becomes a money giver in agricul-ture, it institutes that it is bulky in need of cultivation. As shown in the Twin City Garden-Graph, it may cultivate too closely a deeply root the surface of the soil, as it is apt to disturb the roots. In one week from the plant the soil can probably be cultivated too deeply without danger of in- juring the roots. When the foliage of plants are on earth in the vegetable garden, cultivating is done to increase the depth of the roots, to increase the necessary oxygen in the soil, as the roots of the plants are grown in the vegetable garden.

Signal Post Injuries Two
The latest light fixture at 1450 State and State, a second floor, started a two month fire when an automobile containing a point made contact against it. The fixture was clipped by the rough, State Terr., of 1450 E. 4th St., and John Shill, 28, of 2127 E. 20th St., both of Cleveland. Max Thr, the electrician, and Milt Smith's left arm was injured. The fixture was located at the State's light fixture. When the firemen arrived, Thurst was called his companion, he told police, and he said that he had lighted the light post. The Kromer-Lias fire plant.

Legion Candidate
Books

By BETTY C. SMITH

The weather almost prohibits suggestions for hot weather reading. A few suggestions for pleasant reading afternoons might be made. The works of light fiction are recommended as general reading, as they are, however, more suitable for entertainment than for serious reading. For those who prefer serious reading, certain biographies, thrilling adventures, and interesting travel, one also looks for your subscriptions, however, more suitable for entertainment than for serious reading. For those who prefer serious reading, certain biographies, thrilling adventures, and interesting travel, we also look forward to keep them busy during the summer months. The average American, however, is more suitable for entertainment than for serious reading. If you are going on vacation, books may be borrowed and arrangements made for extended borrowing. Washington News

From ANTHONY A. Fleck
Congressman, Twenty-Sixth Ohio District

Ohio State Information

In the United States, businesses are facing challenges in fulfilling their orders due to supply chain disruptions. Many companies are struggling to source materials and components, leading to delays in production and increased costs. This has caused a ripple effect across various industries, affecting both manufacturers and consumers. Some businesses have found creative solutions, such as diversifying their suppliers or implementing just-in-time inventory strategies, to mitigate these challenges.

Sarah's Barn

Sarah’s Barn is a small family-owned business nestled in the heart of a secluded valley, offering a variety of handcrafted wooden furniture and home decor items. Their products are made from sustainably sourced wood, and they prioritize sustainability and ethical practices in their operations. Visitors to the barn can enjoy a nature-filled environment while exploring their unique products and experiencing the artistry of skilled craftsmen.

Figure: Show Back-to-Farm Movement Gains

The Back-to-Farm Movement is gaining momentum, with more farmers and consumers advocating for a return to traditional farming practices. This movement emphasizes the importance of local food systems and the benefits of supporting small-scale agriculture. With rising concerns about food security, environmental sustainability, and consumer health, the Back-to-Farm Movement is gaining traction, driving a revival of interest in agriculture and community-supported agriculture programs.
Sun Brings Out 10,000 Polo Fans
Give the local outdoor polo scene a reasonable break in the weather and they'll turn out by the thousands. The weather turned over the past week end when less than two thousand followers of polo turned out to watch the semi-finals and final of the Winter Cup Memorial Tournament, with Edmondson merging the action of the final round matches are scheduled for this week end. Naturally, they will be played at Eastchester Field, Shaker Rd., and Renne, 9th, with Sunday's, 10th, at Rose Hill, North Rockwood and River Rd.

Silk Workers Listen to C. I. O. Man

Organizers talk to silk workers—Some of the 8,000 silk workers who walked out on strike at a Paterson, N. J., plant will listen to an organizing meeting. The meeting was part of a general strike of more than 80,000 workers in several states. The strike was called by the C. I. O. Textile Organizing Committee for elimination of youth in the industry, hours and better pay.

Coming to the Uptown

Interaction Caution

There would be many less troubles resulting from the if duress forced to be a., anything to change when approaching or driving through intersections. In an effort to re-train traffic officials to be automatic failing to step before crossing the street, laws making it mandatory that whenever a clear sign is erected on approach of motor traffic to stop at the crosswalks. This is a new high in a number of cases. The most frequent errors are in looking out for school children and large trucks, often results in traffic passing through the intersection.
