Churches Announce Yuletide Services

Special Music and Sermons Planned in City as Christmas Draws Near.

Extensive services and programs in celebration of Christmas will be presented by Emmanuel Church in the form of the yuletide. The Christmas Festival is to be celebrated by St. Mary's Catholic Church with a special Christmas Eve service.

Ely Fails to Defend Self in Strike Probe

Mayor Absent After Given Week to Appear Before Examiners; Finding Expected Shortly in State Report.

Two Star Men From City To Stay at B-W

Shore Seniors To Get Aid in Career Plans

Mayor has organized a similar agency during 1934 when a special strike probe was conducted.

The club was formed last year in the hope that students of the Emmanuel Church could be served. The club will continue to operate under the direction of Mrs. Mary E. Johnson, who is chairman of the Emmanuel Church.

Ely's final loss of the season was by a score of 13-12. The team played well in the first half, but faltered in the second half.

The council has announced that the strike probe will be conducted by a special examiner appointed by the state commission.

With Santa Claus distributing gifts and cards.

With a smiling face and a fitful laugh,

She'll give the Christmas Carolers all the food they need.

Rohed Choir Formed Here

The school has organized a new choir, which will be called the Rohed Choir. The choir will consist of students from all grades, and will be directed by Mrs. Eve E. Fordham, who is the director of the music department.

Wife of Fr. W. Perry Caldwell, who is the president of the school, has announced that the Rohed Choir will be formed.

"The music of the Rohed Choir will be a source of joy and inspiration to the students and faculty of the school. We look forward to the Rohed Choir's performance with great anticipation," said Mrs. Fordham.

The Rohed Choir will be formed this week and will begin practice sessions.

Learn to Fail, Then Success is Assured

By BLAKE CREDER, Ph. D.

NEW of the great goals set by ourselves and by our parents. Most of us, therefore, must fail and we call many more times than we succeed. The difference between us is not in whether we fail but in the methods we use to adjust to failure. Those who learn to fail succeed; those who fail to learn to fail are mere failures.

Dr. Credler revealed a recent study he had conducted on the psychology of failure. He found that those who learned to fail were more successful than those who did not.

In the process of learning to fail, the individual learns to put things into a proper perspective. Dr. Credler said, "If you can't see the whole picture of a situation, then it will appear that you have failed. But if you can see the whole picture, then you can see that your failure is only a part of the whole picture."

Dr. Credler also found that those who learned to fail were better able to accept criticism. He said, "If you can't accept criticism, then you are in a bind. But if you can accept criticism, then you can see that you can improve."

In Dr. Credler's opinion, the key to success is learning to fail.

Will this advice help you? We have no way of knowing. But if you have read this far, then you have taken a step towards failure. And that's a step towards success.
