Historic and Proud Night for the Euclid Fire Department

Chief Tom Cosgriff

Chief Haddock becoming new chief of the EFD

by Will Anderson

Tuesday, February 18, 2014 marked the end of one era and the beginning of another for the Euclid Fire Department (EFD). Chief Tom Cosgriff, who served the residents for over 33 years, retired. This necessitated the promotion of a new chief and other officers within the EFD.

After graduating from Euclid High School in 1974 and the Ohio State University in 1978 with an Accounting degree, he tested for the EFD in 1979. Cosgriff was hired by the EFD on January 6, 1981, when he was sworn in as a cadet firefighter. As the field of emergency medical services expanded to fire departments in the mid-80's, Cosgriff was one of a number of Euclid's first paramedics. He was promoted to lieutenant in 1994, captain in 1998, assistant chief in 2002, and ultimately, chief in 2004. During this time, he earned an Associate's degree in Fire Science Technology from Lakeland Community College.

As chief, he led the EFD through some turbulent economic times and was forced to balance the needs of the EFD with the mandates of the economy and City administration. During his tenure he had the pleasure of hiring 33 new firefighter/paramedics from 2006 to 2014. Also during this time, he promoted 18 members to higher ranks within the department. In 2010, under his leadership, the EFD was the recipient of the "Organization of the Year" from the Euclid Chamber of Commerce.

His plans in retirement include home repairs and travelling, possibly to Ireland. As one Cosgriff retires, he has two sons following in his footsteps with careers in the fire service.

As one chapter ends for the EFD with the retirement of Cosgriff, another begins with the promotion of Christopher Haddock to chief. Chief Haddock joined the EFD on October 12, 1990. He is a graduate of Cleveland State University with a Bachelor's degree in business administration. He is also a graduate of the Ohio Fire Executive program offered through the Ohio Fire and Emergency Services Foundation. Chief Haddock, a Euclid resident, has played an active role throughout his career with the EFD. A state certified paramedic, fire instructor and fire safety inspector, he was promoted to lieutenant in 2001, captain in 2006, platoon chief in 2010, assistant chief in 2013, and finally, chief on February 18. He has completed his Fire Officer 1, 2, and 3 training and is recognized as an Incident Safety Officer. He has provided CPR training to hundreds of residents and businesses, represented the EFD at neighborhood meetings and played an active role at civic events.

Chief Haddock is a student of the job who has the vision and courage to make the EFD better than it already is. During 2014, he plans on working towards creating a vision statement, establishing department values, and beginning the creation of a strategic plan for the future of the EFD.

The EFD prides itself on providing honorable and dedicated service to the community. We look forward to providing quality customer service and arriving promptly to handle your emergency. As always, call us if you need us. Please check your smoke detectors frequently and have an escape plan in the event of a fire. Be well, be safe, and be smart!information or to purchase tickets please call 216.797.7889 or 215.797.2912.

Henn Mansion Featured in a Geauga Theater Production

Cameraman Jonathan Klein of Burton with actors Emily Sadowski of Mantua and Evan Graham of Champion, Ohio at Henn Mansion.

by Mark Miloro

An old mansion on one of the Great Lakes, its grounds blanketed in snow, former home to a prominent family that has faded from memory. This is what thespians from the Geauga Lyric Theater Guild (GLTG) were searching for and recently found in Euclid's Henn Mansion. The local historical treasure has been incorporated into the GLTG's March production of The Westing Game.

A popular novel by Ellen Raskin, adapted for stage, The Westing Game is a quirky murder mystery revolving around a sprawling estate on the shores of Lake Michigan. Alfred W. Henn's 1923 English Tudor manor was just what the GLTG needed for this stage production, which incorporates video and photographic images with live performance.

Through special arrangement with Friends of the Henn Mansion, GLTG actors recently descended on the restored home in Sims Park to film short sequences, which will be projected during the live production later this month.

The project is also the perfect opportunity for inter-county collaboration and marketing. "It is always exciting when organizations can come together to share resources and ideas. Everyone stands to gain," said GLTG executive director Chris Cipriani. "The beautiful Henn Mansion has our imaginations running wild as to a potential partnership in the future."

Henn Mansion house manager, Pat Brady, is also looking forward to future collaborations. "I had an opportunity to do some networking with several members of the group," said Ms. Brady. "What a pleasure it was to meet and work with the Geauga Lyric Theater Guild. Everyone conducted themselves in a most professional manner."

Director Angela Miloro-Hansen of Chardon and videographer Jonathan Klein of Burton assembled cast and crew at the mansion in February to film scenes that included a flashback of a formal dance, and a creepy Halloween night exploration of the house by a precocious 13 year old girl. All three floors of the mansion were utilized in the filming.

Ms. Miloro-Hansen first discovered Henn Mansion a few years ago when her aunt was married there. "It perfectly fit the description of the Westing Mansion, with Lake Erie playing the role of Lake Michigan. Being on location in this setting helped our cast to further develop their characters in a way that will only enhance their live performances," she said

Mr. Klein, founder of Get The Pix Productions, enjoyed his work behind the camera in Euclid. "The mansion really inspires me to want to film more videos there because each room is so beautiful and so adaptable at the same time. Every room is a fresh canvas in a beautiful frame. I will definitely keep the Henn Mansion in mind for any projects I do in the future that need a rich and refined touch to them."

Geauga Lyric Theater Guild's The Westing Game will run from March 14th through March 30th. Friday and Saturday evening performances are at 8 p.m.; Sunday performances at 2 p.m. Marquee sponsor is Middlefield Bank. Tickets are $15.00 for adult, $13.00 student/senior, and a special child price for ages 10 and under of $8.00. The historic Geauga Theater is located on beautiful Chardon Square at 101 Water Street, in Chardon, Ohio. For more information or to purchase tickets, visit www.geaugatheater.org or call the box office at 440-286-2255.

A "Shrek" of A Good Time!

Euclid High School Presents "Shrek the Musical", see Shrek, Donkey, and Fiona like you've never seen them before! Director, Ken Ferlito, and Euclid students are doing it again, taking the audience to a place so familiar, yet so different.

"Good morning birds, good morning trees. Oh what a lovely day," Crystal Drennon (Fiona) sings as she waltzes across the stage. The eight counts echo through the Euclid High School Auditorium as Choreographer, Heather Koniz works with Ricardo Martin (Pied Piper) on a tap routine to the song "Morning Person," that features 23 enthusiastic Euclid elementary students.

According to Ken Ferlito and several cast members, the show is full of surprises. About 142 students make up the cast and crew, including leads Kevin Terry (Shrek) and Issac Vicar (Donkey). Cast members are busy rehearsing every day after school and some weekends. The stage crew spends evenings and weekends perfecting the set. Stage crew member, Jacob Hogget shared his excitement about the sets and how many of the sets are borrowed from the Broadway traveling show of Shrek.

Cast members describe "Shrek The Musical" as fun, colorful, funny, fierce, and spectacular! Bring your family and make this Euclid community tradition your own! Opening night is Thursday, March 20th at 7:30 p.m. at Euclid High School, the show runs through Sunday, March 23rd. Tickets are $12 for adults and $8 for senior citizens and students. For more information or to purchase tickets please call 216.797.7889 or 215.797.2912.

From the desk of Mayor Bill Cervenik

by Mayor Bill Cervenik

As Mayor, it is my responsibility to yearly report on the State of the City. As I prepared my report, I reviewed the finances, various departments, and community services and projects over the past 12 months. I am pleased and optimistic by the progress and growth we have made in many areas this past year, although as far as we have come, our work is not yet complete. That is why 2014 will be our most important year yet. There may be less than two years left in my term as Mayor, but it is my full intention to make every day count. My goal is to position the city for success for many years to come.

As a CPA, I am inclined to start with what I believe are the fundamentals. Instituting sound, long-term financial practices, making the difficult choices, maintaining sufficient cash balances, modernizing operations of city departments, and continue to provide superior services. We have built up our cash reserves to over $4 million dollars during one of the most difficult financial environments in the history of our region, and have retained our strong financial rating from Moody's.

In my report, I detail how over the past year many businesses and organizations have realized that Euclid is a perfect community for them to expand or relocate. To name a few, Ray Fogg Business Systems has opened its first building at Bluestone Business Park. Remedi Seniorcare, a pharmaceutical distribution company which will occupy about one-third of the building and bring at least 115 new jobs to our city. Developers have projected that the Bluestone site could bring more than 1,000 jobs and an additional 1 million square feet of new office and industrial space into the city.

ODOT opened a new full service maintenance garage this past year at Babbitt Road and St. Clair Avenue. At least forty full time employees will work out of this facility.

University Hospitals began construction of their $11 million, 24,000 square foot state-of-the-art medical office building to replace the existing outdated facility at their East 185th street and Lakeshore Boulevard location. This represents a major investment and is a powerful vote of confidence by University Hospitals of their commitment to the area.

A new, yet to be named restaurant was announced at the end of East 219th Street and Lakeshore Boulevard, adding another venue to our existing popular downtown restaurants. Mama Catena's recently announced an expansion of their current Babbitt Road Italian restaurant, doubling the seating space while retaining the true family atmosphere. Yogurt City opened in the Shore Center Plaza, Euclid's first frozen yogurt shop featuring more than 40 flavors and toppings. And, the HELP Foundation will soon move its corporate headquarters and employees to Century Corners on Euclid Ave.

The State of the City report contains a great deal of information about all aspects of the city. You can read the entire report on our city website at www.cityofeuclid.com. The report is not only an overview of 2013, but details our plans and goals for 2014.

Your Mayor,
Bill Cervenik

House Concerts at the Conscious Nest

by Ally Harris

A wonderful new and exciting thing is happening at The Conscious Nest Community! In the month of March, the Conscious Nest Community will present weekend concerts as follows:

Friday, March 7 - Kismet
Friday, March 14 - Ed Amman
Saturday, March 15 - Charlie Mossbrook

Friday, March 21 - Quinn Sands
Saturday, March 22 - Bob Samman
Friday, March 28 - Matt Harmon

For more information, please contact The Conscious Nest Community at 216-692-0325. For Booking, please contact Steve Mramor at 440-221-0693.

Lego Mindstorm Projects Focus of Ss. Robert & William Catholic School's S.T.E.M. Evening of Learning

by Ellen Ivory

On Monday, March 24, 2014, from 6:30-8:00 p.m., Ss. Robert and William Catholic School will host the third in a series of "Evenings of Learning." This program will highlight the school's S.T.E.M. (Science, Technology, Engineering, and Math) Program and will take place throughout the school.

Earlier this year, and through a generous grant from the Helen and Michael Talty Trust and a donation by parishioners, The Cika Family, the school was able to purchase 24 Lego Mindstorm kits which have enhanced the school's S.T.E.M. program. Each kit contains 431 pieces which allows for great creativity.

Mr. Rich Smith, an enthusiastic S.T.E.M. teacher and leader of the program, tells of the advantages students have who are able to work on these innovative projects. "Students not only have a lecture of the subject matter, the material is then reinforced by the teacher's demonstration, and a question and answer session. The students, then, put these skills to immediate use; they are able to take the theory and make it real. Furthermore, the experience is tribal, as students work in pairs which enables them to learn from each other and share their knowledge. This is reflected in the building of the robots," he states.

He continues, "This approach allows the student to be at the center of building and programming of the robots. Students must not only build something that works, they must teach the robots what to do through problem solving."

Several of the students who are being mentored by Mr. Smith have been working diligently to bring the robots to life. So far they have been programmed to 'seek and find', a process in which the robot must find and kick a color-coordinated object. Remarkably, the group has also assembled the various pieces to make a functioning guitar and a working forklift.

The middle school will be presenting "Invention Conventions." Using their knowledge of the design method, students create a product that will enhance today's quality of life. For example, one student created a window that works like transition glasses. The window filters daylight and, therefore, darkens the room. This would be beneficial for someone who may work the late shift and needs privacy for sleeping during the day. Mrs. Karol Pfeifer, middle school science teacher, states, "Through this process students are gaining knowledge and experience to become entrepreneurs and engineers. They are developing real life skills that will make our world a better place and it boosts their confidence in knowing they can make a difference." Another project that will be showcased by these students, and is included in the Veggie Curriculum, includes germinating seeds now that will be placed in the community garden in the spring.

New LEGO robots for teaching STEM technology

The lower school will be tying the familiarity of literature into S.T.E.M based learning. Using the story of the "Three Little Pigs" and "Where the Wild Things Are," students have created projects that have made connections to fictional characters, the world, the S.T.E.M. program and the 21st Century.

Ss. Robert & William School is located at 351 East 260th St., Euclid. For additional information, please visit www.srwschool.cc or call 216.731.3060.

Ss. Robert and William's Taste of Nations

by Ellen Ivory

On Saturday, April 5, 2014, over 300 guests will gather at Ss. Robert & William Parish to taste foods from seven different countries. Additionally, the first "Taste of Nation's Award" will be presented to Mayor Bill Cervenik and Euclid's Administration for their commitment to unity and diversity.

"Mayor Cervenik and his team of leaders work diligently for each and every member of this community," states Fr. John D. Beters, Pastor of SRW Parish. He continues, "They also have supported the mission of our parish, especially in our outreach efforts. Several members have even served as Celebrity Chefs at our free, monthly community meal."

Cuisines from Eastern Europe, Germany, Ireland, Italy, Latin America, Middle East, and the Philippines will be the main feature of this year's, "Taste of Nations" dinner. The school's classrooms will be transformed into each of these countries, where taste-sized portions will be served to the guests. The ethnic fare will highlight items such as stuffed cabbage, pierogis, cabbage and noodles, corned beef sandwiches and so much more. The newest rooms include a French Bakery and The Vienna Café where coffee and ethnic pastries will round out the menu.

The evening will begin with a Polka Mass at 4:00 p.m. where music will be provided by The Joey Tomsick Orchestra. Doors to the school will open at 5:00 p.m. and the dinner journey will begin at 5:45 p.m. The orchestra will continue playing and guests may also bid on Chinese Auction prizes.

Additionally, Ms. Elizabeth Edwards, Art Teacher, and her students are providing items for a fun auction. They have spent weeks repurposing vintage items and transforming them into useable 'chalkboards' that will be bid on. According to Edwards, "These are unique, one-of-a-kind treasures that can be placed anywhere."

The following morning, Sunday, April 6th, from 10:00 a.m. to 1:00 p.m., the "Taste of Nation's Breakfast" will be served. Begin your day with crepes, an omelet station, pancakes, coffee and orange juice.

`Dinner Passports (Tickets) are $50 per person for this adult only event. All seating is in the main dining room. Breakfast Passports are $10 for adults and $5 for children.

Ss. Robert & William Catholic Parish is located at 367 East 260th St., Euclid (www.srweuclid.cc). Contact the Parish Office at 216.731.1515 for ticket information or additional details.

Boys basketball nets NCL White honors

Villa Angela-St. Joseph High School boys basketball claimed the outright North Coast League White Division championship this season with a 9-1 league record.

On Sunday, February 23, the Vikings brought home more NCL hardware.

VASJ junior Brian Parker was selected as the unanimous player of the year in the NCL White. Parker averaged more than 18 points, 6 rebounds and 6 assists per game in the regular season and has helped the Vikings earn the No. 1 seed in the upcoming Division III Garfield Heights district. In addition, the talented 6-foot-3 guard surpassed 1,000 career points.

"I think Brian really stepped up this year and it is a sign of great respect to be a unanimous player of the year selection," VASJ Coach Babe Kwasniak '94 said.

"It was the whole package for Brian, not just scoring. He rebounded, had assists. He was recognized for his entire game."

Junior big men Carlton Bragg and Dererk Pardon each earned first team all NCL honors. Bragg, a 6-foot-10 national recruit who missed five games with a toe injury, averaged 19 points and 10 rebounds. Pardon – who has drawn interest from Northwestern – averaged 11 points and 11 rebounds per contest.

VASJ boys basketball Coach Babe Kwasniak '94, who was named NCL Coach of the Year, discusses next moves with junior Brian Parker, NCL Player of the Year.

Parker and Bragg are also ranked in cleveland.com's top ten players in northeast Ohio and are in the running for cleveland.com boys basketball player of the year.

Sharpshooting junior Simon Texidor and point guard Mo Johnson were named to the second team. Senior guard Deandre Forte was an honorable mention selection.

Kwasniak was selected as the NCL White Division Coach of the Year after guiding the Vikings to a second consecutive outright championship.

"I think all the honors our guys got mean more than ever because the league is so deep and so talented and there are so many good coaches," Kwasniak said.

"The other five teams in our league are all capable of making a run at their district titles, I honestly believe that.

"Central Catholic is very talented, obviously, Holy Name finished third in the league and beat CCC. The coach at St. Thomas Aquinas does a great job with his guys and Warren JFK and Trinity can definitely scare some people. It is a very competitive basketball conference."

The Vikings were voted as the No. 1 seed in the Division III Garfield Heights district tournament.

VASJ is one step closer to the goal of winning the D3 state championship after defeating Oberlin 103-39 in the D-III sectional semifinals.

"Everybody played, everybody scored and nobody got hurt," Kwasniak said. "It felt a little strange to be playing a tournament game at home, but I was happy to get through it and see a lot of our guys get a chance to score in a postseason game."

Parent Organization holds annual plant sale fundraiser

Spring is right around the corner which means it is time to start planning for flowers and gardens (and sunshine). Each year, VASJ's Parent Organization holds a plant sale to raise funds for the school. The plants are delivered the Saturday before Mother's Day (May 10), making a perfect gift for those special women.

There are a variety of hanging baskets, potted flowers, annual flowers and vegetables being sold - all at very reasonable prices.

If you are interested in supporting VASJ with a plant sale order, visit VASJ's website at www.vasj.com for more information. Orders must be placed by April 30.

Calling all future Vikings - Join us in the Village!

Villa Angela-St. Joseph High School

Faith. Family. Future.

VASJ girls basketball advances to district finals

A confident Villa Angela-St. Joseph High School girls basketball team defeated the No. 1 seed Cortland Maplewood in the Division IV district semifinals at Grand Valley High School at the end of February.

The Vikings rallied late in the fourth quarter to tie the game and then dominated overtime to defeat Maplewood 43-33.

Vikings Coach Tony Redding '89 sees his team believing more each game that they can compete for a district title and beyond.

"I think the confidence level has increased," Redding said. "I have seen a significant difference in these girls lately and we are getting contributions from a lot of different players."

Junior standout Mariah McGhee led the way for the Vikings with 22 points, including the game-tying basket late in regulation which tied the game at 30 and eventually forced the extra session. Brijae Journee and Toni Beuck each chipped in eight points for VASJ, which outscored Maplewood, 13-3, in overtime.

Senior point guard Journee is a key to the team's success with offensive productivity and leadership. Both have been contagious throughout the lineup as she prepares for her final run as a Viking - and she is in no hurry to end her career at VASJ.

"I think I am trying to treat every game as the last because that is what it could be at this point," Journee said. "I am trying to keep the energy going and control the pace of the game. We have a lot of talented girls here and we always feel if we play good defense and keep the intensity up, we can play with anybody."

VASJ girls basketball Coach Anthony Redding '89 talks strategy with his team.

For McGhee, the individual accolades are sure to come after a fantastic season in which she has led VASJ in scoring and broke the girls basketball single-game record with 43 points against Cleveland Central Catholic.

Senior point guard Brijae Journee is a key to the team's success.

However, McGhee is much more concerned with the team as a whole than any individual achievements she has already put on her resume.

"We have to stay together as a team," McGhee said. "We have to keep the young girls motivated and keep getting stronger. Anything I have done is because of my teammates. And there is no doubt we feel like we if we play our best, we can challenge for the district championship against any team."

While Journee has provided senior leadership and McGhee has been the most consistent offensive weapon for the Vikings, Redding – who has a very young squad that will only get better – believes it is contagious from the top down for VASJ this winter.

"We just have to play good defense and do the little things and not make some mistakes that will hurt us," Redding said.

"There is plenty of motivation for all the girls, especially the seniors. The confidence is there and while we have a lot of young girls who haven't been to districts before, the seniors know this is the last go-around. I like what I see with this group right now."

Viking Views

by Richard Osborne

We have another tense night coming up in the school gym. No, this time we're not talking about a basketball game. Think "tense" as in past, present and future.

Our big annual gala, the "Classic Mixer," is set for Saturday, April 5, at 6 p.m. It will cover all three tenses – remembering the past, when mixers were all the rage in what we then called the Purple Palace; celebrating the present, as we revel in all the good things happening at our school; and preparing for the future, so the blessings of a VASJ education can continue for students for generations to come.

That's the story behind the Classic Mixer fundraiser that has grown significantly in attendance and support over the past few years. The event netted $12,000 three years ago, $130,000 two years ago, and $200,000 last year. We hope that once again this year it will set new records. The funds cover tuition assistance as well as general operating expenses.

Don't miss the big event on April 5.

The 2014 Classic Mixer promises to be another not-to-be-missed celebration, a tribute to our young men and women who represent Villa Angela-St. Joseph High School and carry on the school's legacy. We will feature music, great food and drink, and many silent auction items that are sure to generate interest and competitive bidding. Music will be provided by Scott Hanson and the Champagnes.

We're counting on you to support the Classic Mixer not only by attending, but also through donations of auction items. We encourage you to visit www.vasj.com to get the links to our forms, make "in-kind" donations, sponsor the event, advertise in the program, buy a table or purchase individual tickets.

VASJ is a special place, and your support enables us to hold a special evening to help our students "continue the dream" of a VASJ education.

As we said way back when: Be there or be square.

Richard Osborne, St. Joseph High School Class of 1969, is the president of Villa Angela-St. Joseph High School.

CWRU Department of Civil Engineering 2014 Balsa Wood Competition

EHS & Arbor Students watching bridges being measured.

Mrs. McGarry and EHS Students with their bridges.

2014 Balsa Wood Competition at CWRU

Last Friday, the CWRU Department of Civil Engineering hosted the 2014 Balsa Wood Bridge Competition. Students from Euclid High School and 5th graders from Arbor Elementary School had the privilege of attending and participating in this innovative event. EHS students in Mrs. McGarry's classes (AP Physics and Engineering Connections) built balsa wood bridges prior to the competition. Once they got to CWRU, the bridges were measured, and tested for how much weight they could bear. In terms of load/weight ratio, Donovan Hobbs(Engineering Connections) placed first, and RayAnthony Bruster (AP Physics) was second, and Sam Lisy (AP Physics) was third of our Euclid Students.

Donovan Hobbs' bridge held over 200 times its weight.
RayAnthony Bruster's bridge - 177
Sam Lisy's bridge - 160

In terms of aesthetics, Tanaja Kidd placed 10th in the overall event out of 180 applicants participating at CWRU.

Cisco and CIS Students Advance to State

Once again, students from the Cisco Networking Academy program and the Computer Information Systems Program (CIS) will be competing at the Business Professionals of America State Leadership Conference in Columbus, Ohio on March 13th and 14th. Last year, for the third time in five years a students from the Cisco class advanced to the National competition and placed first in the Cisco Systems and for the first time first in the Network Technology Certification competition.

Antosh and Boones To Compete At Cleveland Auto Show

Alex, LeShawn, and the Metrocars Toyota Corolla

Practicing for the competition.

After qualifying on a rigorous written exam, five two-man automotive tech teams from high schools across Northern Ohio will square off in the finals of the Cleveland Auto Show's 22nd Annual Automotive Technology Competition on Sunday, March 2nd. The finals will take place at the I-X Center during the Cleveland Auto Show, presented by AutoTrader.com and Medical Mutual.

"The students who have qualified for the finals of the 22nd Annual Automotive Technology Competition represent the very best Northern Ohio has to offer," says Dennis Rose, floor manager of the 2014 Cleveland Auto Show. "They have qualified by scoring high on a rigorous written examination to test their knowledge. Now, they are moving on to the 'hands on' portion of the competition, where they must apply their knowledge in a real world environment.

Euclid High School is proud to be sending a team to compete at the event. In preparation for the competition, Matt Giles of Motorcars Toyota generously loaned Mr. Tony Rozman and his students a new corolla to practice on. Alex Antosh and LeShawn Boone will be representing EHS and the City of Euclid at the Cleveland Auto Show's 22nd Annual Automotive Technology Competition.

LeShawn and Alex will be asked to find bugs placed in a 2014 Toyota Corolla by a team of volunteer test proctors. If they win, they will represent all of Northern Ohio in New York City in the National Automotive Technology Competition in April. We wish LeShawn, Alex, and Mr. Tony Rozman the best of luck!

Dean Named Finalist In Scenarios USA Script Writing Contest

Ms. Marketa President (EHS Film and Media Teacher) and Kiana Dean (EHS Senior)

A phone call from New York City put senior, Kiana Dean and EHS on the map last week. Marketa President received the call that one of our very own Film and Media students, Kiana Dean was selected as a finalist (one out of four) in the Scenarios USA Script Writing Contest. With a grant from the Martha Holden Jennings Foundation, EHS was able to purchase new equipment and forge ahead with the curriculum that included this contest. Marketa's students submitted seven scripts, and this is the first ever finalist. This is a city-wide competition with specific guidelines. The topic was gender, place and power. Kiana's script is entitled, "The Art of Peer Pressure." Keep your fingers crossed for Kiana as she will find out in the next few weeks where she ranks among the top four finalists.

March Into Kindergarten

Who? Any child living in Euclid that will be five-years-old on or before August 1, 2014.

What? You will need to fill out the yellow Registration Packet, prior to your registration appointment. Packets can be downloaded at www.euclidschools.org. Look for "Quick Links" on the left side of the homepage and click on "Kindergarten Registration."

Where? At the Fordyce Administration Building (651 East 222nd Street, Euclid, Ohio 44123).

How? By appointment only. Please call 216.797.2933 to schedule an appointment to register your child for kindergarten.

Why? It is important to register your child for kindergarten early as registration provides your child with a smooth transition. It also helps the district to be adequately prepared to educate all children and understand each child's strengths and needs before the first day of school.

OUR LADY OF THE LAKE SCHOOL

Our Lady of the Lake Offers New Quality Preschool Program

by Sarah Gyorki

Early learning is essential to lifelong success. You want your young children to learn to love school in a warm, caring atmosphere that nurtures all their talents.

Because Our Lady of the Lake School understands the importance of the early years in helping build a solid foundation for academic success, they have launched a new preschool program to give young learners a step up. The preschool will prepare young students to succeed, and will provide a variety of developmentally appropriate experiences designed to stimulate curiosity, build self-esteem, challenge physical and intellectual abilities, foster creativity, and encourage self-expression and social skills. According to Principal Rita Kingsbury, "At Our Lady of the Lake, you will find that we are like a family. Your child will learn good habits and attitudes in our loving community. Through patient and respectful methods, our earliest learners develop a positive sense of themselves, which will make a difference throughout their lives."

The preschool program at Our Lady of the Lake will offer an array of full-day and half-day options to meet families' different schedules and budgets, while ensuring that their children get the very best in early learning opportunities. Children will learn in a school setting with access to a full range of facilities, including a full gymnasium, dedicated art room, computer lab, and on-site library. Space is limited, so families interested in registering for the 2014-2015 school year are encouraged to call now for registration information. Those interested in learning more should also attend the Early Childhood Information Night on Tuesday, March 25, from 6:00-7:30pm, for a chance to meet the teachers, tour the space and learn more about this exciting opportunity.

The Our Lady of the Lake School family look forward to welcoming more young learners!

There is a Time for Every Purpose Under Heaven

by Sarah Gyorki

As we learn (and relearn) beginning in childhood, some truths and sayings are universal in nature and practice. It seems that parents around the world encourage their children to acknowledge their mistakes by simply saying, "I'm sorry". In that statement children come to experience and realize that making mistakes is a universal human experience, and an inescapable and undeniable part of being human.

On Thursday, January 30th, the 2nd grade children of Our Lady of the Lake parish (who are fondly referred to as "Children of Light"), along with their parents who were leading by their own example, celebrated their First Reconciliation (First Confession). As they prepare to say "Amen" to the Body and Blood of Christ this May when they receive First Eucharist (First Communion), they are asked to first take time to say, "I'm sorry," both to God and also in the company of their family and friends, which is their primary faith community.

They had prepared and practiced for three months, considering first that God is always ready and willing to forgive any child (of any age!) who sincerely asks to be forgiven. They were next asked to carefully consider the difference between an "accident" and a "sin." With the support of their parents and encouragement of their catechists, Mrs. Jennifer Adams and Mrs. Laura Koeth, the Children of Light generated examples of accidents and sins with which they were familiar. Finally, they observed a role-play Confession as part of their final preparation and practice to celebrate their own First Sacrament of Reconciliation, the Sacrament in which we are reminded both of God's great love and our great need to say "I'm sorry" as part of being a person of faith, a member of a family, and a member of the Roman Catholic faith community. Here at Our Lady of the Lake, this is one of the ways our community grows, and we enjoy sharing these traditions with our larger community.

Hooping It Up

by Sarah Gyorki

The basketball teams at Our Lady of the Lake have been taking it to the finals this season! There are so many things to be proud of from all our teams. The 8th grade girls came in first place in their division. The 8th grade boys are competing in the Mater Dei finals as we go to press, and one of our high school teams is still in the city tournament. Both 7th grade boys' teams made it to the quarter finals in the CYO city tournament, while the 5th grade boys went undefeated. In their first year of playing together, the 4th grade girls made it to the finals in the St. Francis tournament. Both the 6th grade boys' and girls' teams, the 5th grade girls, and the 4th grade boys had good seasons with hard fought games. And our cheerleading team brought the spirit, cheering the fifth grade boys on to success.

It takes a lot of hard work by players, parents and coaches to make these seasons happen, and we can't thank our volunteers enough for their dedication. Thanks to the strong community backing them, all our kids are winners!

Great New School Opening in Collinwood This Summer

by Brian McAllester

Lakeshore Intergenerational School, the tenth school in the Breakthrough Schools network, will open in Collinwood this August. The school replicates the highly successful Intergenerational School model, one of the highest-performing public schools in Ohio.

"The community support for our unique approach to education has been overwhelming," said Intergenerational School founder Dr. Cathy Whitehouse. Dr. Whitehouse cited an on-line petition to bring an Intergenerational School to Collinwood signed by over 100 residents.

Like the founding school, Lakeshore Intergenerational School will have only 17 students per classroom. Rather than traditional grades, the highly individualized approach groups students into clusters spanning three years. Each student moves along a developmental scale based on their individual mastery of key concepts. The Intergenerational School also pairs its students with mentors to create community of lifelong learners.

Lakeshore Intergenerational School is a member of Breakthrough Schools, the highest-rated network of free, public charter schools in Ohio and a close partner with the Cleveland Metropolitan School District. "We are excited and honored to open a high-quality school for the families of this vibrant and historic neighborhood," said Breakthrough Schools CEO Alan Rosskamm. Rosskamm cited Northeast Shores Development Corporation as instrumental in bringing Lakeshore Intergenerational School to Collinwood.

"For years residents have had to leave our neighborhood to find a good school," said Northeast Shores Executive Director Brian Friedman. "Bringing a high-quality school to Collinwood is critical to our neighborhood's long-term sustainability."

Lakeshore Intergenerational School will serve 96 kindergarten through second-grade students in its first year. It will grow to a K-8 school over the next six years. Breakthrough Schools is working with St. Casimir Parish in Collinwood for the school's future location

Families can learn more and begin the enrollment process at www.TISonline.org or by calling Eric McGarvey at 216-721-0120.

Upstage Players Celebrates 20th Anniversary

by Matthew Orgovan

North Collinwood's UpStage Players, one of Northeast Ohio's hardest working children's theatre companies, celebrates its 20th anniversary in 2014 with the beloved musical Godspell Jr. Tickets are now on sale!

In addition, this year marks the beginning of a new era for UpStage Players, as the group moves to a larger performance venue, the 600-seat auditorium located at the Cleveland Public Library's Memorial-Nottingham branch. UpStage Players and the Cleveland Public Library are natural collaborators, as both organizations have goals that concern the welfare of children and adults.

"This combination is a win-win for all who take the stage, sit in the audience and help support either the library system or UpStage Players," said Executive Director Bernadette Walsh.

"We work for the kids of Greater Cleveland," explained Walsh. "The value of the arts in a community cannot be underestimated. We proudly foster teamwork, service, self-confidence, self-esteem, responsibility, leadership and creativity, and provide a fun social outlet within the safe environment of a theatre experience. A new facility that meets our ever-evolving needs will go a long way in helping UpStage continue to provide a top-notch experience to the young people of Northeast Ohio."

The mission of UpStage Players is the dedication to the child performer, instilling a love of theatre while building leadership and community. The nonprofit group was founded in 1994–1995 with 30 children and a vision to create love and respect for the performing arts. Beyond evolving into a strong "teaching theatre" organization of nearly three times as many children today, two keys to the success of UpStage over the years have been its unwavering no-cut policy and its army of committed volunteers.

The children of UpStage Players come from varied backgrounds and neighborhoods throughout Northeast Ohio, yet they all enjoy a demonstrable transformation from everyday kids into accomplished artists. For more information, or to get involved with UpStage Players, visit www.upstageplayers.com.

Performance Dates
Friday, March 21, 2014 at 7:30 p.m.
Saturday, March 22, 2014 at 7:30 p.m.
Sunday, March 23, 2014 at 2:30 p.m.
